

NEW ZEALAND

SIGN LANGUAGE

MERGE is a new social enterprise offering NZSL (New Zealand Sign Language) education, resources and other programmes.

We can assist you to develop educational NZSL videos, resources for learning and teaching for age appropriate groups of children.

Discuss with us about NZSL videos and other resources.

Baby Sign is popular- so why not teach your baby and young children a real language?

NZSL classes for young people are available.

We can visit your centre or school to show fun NZSL stories, play interactive games and activities with children.

Ask us about NZSL trainers.

NZSL
is an official
language
passed in 2006

Only 3%
Deaf children have
access to education
in Sign Language
worldwide
